Federal Investments in Social and Behavioral Science Research in **Alabama**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Alabama.

Alabama higher education
institutions receive
\$9.6 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to

Alabama

- HHS (including NIH) (\$6.9M)
- National Science Foundation (\$752,000)
- Department of Agriculture (\$498,000)
- Department of Defense (\$268,000)

Leading Recipients of Social and Behavioral Science Research Funding in

Alabama

- University of Alabama, The, Tuscaloosa (\$3.2M)
- Auburn University, Auburn (\$2.7M)
- University of Alabama at Birmingham, The (\$1.9M)
- Alabama A&M University (\$1.3M)
- University of Alabama in Huntsville, The (\$312,000)
- University of South Alabama (\$93,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Alaska**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Alaska.

Alaska higher education
institutions receive
\$2.0 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Alaska**

- National Science Foundation (\$1.1M)
- HHS (including NIH) (\$117,000)
- Department of Defense (\$28,000)
- Department of Agriculture (\$27,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Alaska**

- University of Alaska Fairbanks (\$1.2M)
- University of Alaska Anchorage (\$759,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Arizona**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Arizona.

Arizona higher education
institutions receive
\$40.4 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Arizona**

- HHS (including NIH) (\$18.2M)
- National Science Foundation (\$10.6M)
- Department of Defense (\$2.9M)
- Department of Agriculture (\$1.6M)

Leading Recipients of Social and Behavioral Science Research Funding in **Arizona**

- Arizona State University (\$28.9M)
- University of Arizona, The (\$10.9M)
- Northern Arizona University (\$595,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Arkansas**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Arkansas.

Arkansas higher education
institutions receive
\$1.2 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Arkansas**

- National Science Foundation (\$641,000)
- HHS (including NIH) (\$103,000)
- Department of Agriculture (\$14,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Arkansas**

- University of Arkansas, Fayetteville (\$689,000)
- Arkansas State University, Jonesboro (\$237,000)
- University of Central Arkansas (\$142,000)
- University of Arkansas at Little Rock (\$107,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in California

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across California.

California higher education
institutions receive
\$184.4 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to California

- HHS (including NIH) (\$85.6M)
- Department of Defense (\$28.1M)
- National Science Foundation (\$26.8M)
- NASA (\$19.6M)

Leading Recipients of Social and Behavioral Science Research Funding in California

- University of Southern California (\$22.9M)
- University of California, Berkeley (\$20.4M)
- University of California, San Diego (\$19.9M)
- San Jose State University (\$17.1M)
- Stanford University (\$15.9M)
- University of California, Los Angeles (\$14.0M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in Colorado

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Colorado.

Colorado higher education
institutions receive
\$35.0 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Colorado

- HHS (including NIH) (\$20.4M)
- National Science Foundation (\$5.5M)
- Department of Defense (\$4.2M)
- Department of Agriculture (\$1.3M)

Leading Recipients of Social and Behavioral Science Research Funding in Colorado

- University of Colorado Boulder (\$21.9M)
- Colorado State University, Fort Collins (\$5.0M)
- University of Denver (\$4.3M)
- University of Colorado at Denver and Anschutz Medical Campus (\$2.2M)
- University of Colorado Colorado Springs (\$573,000)
- United States Air Force Academy (\$385,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Connecticut**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Connecticut.

Connecticut higher education
institutions receive

\$26.7 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Connecticut

- HHS (including NIH) (\$16.3M)
- National Science Foundation (\$3.5M)
- Department of Defense (\$1.3M)
- Department of Agriculture (\$798,000)

Leading Recipients of Social and Behavioral Science Research Funding in Connecticut

- University of Connecticut (\$16.3M)
- Yale University (\$7.8M)
- University of New Haven (\$1.2M)
- Wesleyan University (\$746,000)
- Southern Connecticut State University (\$492,000)
- Connecticut College (\$89,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

#WhySocialScience

Federal Investments in Social and Behavioral Science Research in **Delaware**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Delaware.

Delaware higher education
institutions receive
\$9.4 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Delaware

- HHS (including NIH) (\$4.8M)
- National Science Foundation (\$1.2M)
- Department of Agriculture (\$243,000)
- Department of Defense (\$23,000)

Leading Recipients of Social and Behavioral Science Research Funding in Delaware

- University of Delaware (\$9.4M)
- Delaware State University (\$7,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **District of Columbia**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across District of Columbia.

District of Columbia higher education
institutions receive

\$34.0 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **District of Columbia**

- HHS (including NIH) (\$9.0M)
- Department of Defense (\$8.3M)
- National Science Foundation (\$4.1M)
- Department of Agriculture (\$703,000)

Leading Recipients of Social and Behavioral Science Research Funding in **District of Columbia**

- George Washington University, The (\$10.2M)
- National Defense University (\$6.6M)
- American University (\$6.2M)
- Georgetown University (\$6.1M)
- Howard University (\$2.3M)
- Catholic University of America, The (\$1.4M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

#WhySocialScience

Federal Investments in Social and Behavioral Science Research in **Florida**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Florida.

Florida higher education
institutions receive
\$86.9 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Florida**

- HHS (including NIH) (\$34.5M)
- Department of Defense (\$9.2M)
- National Science Foundation (\$4.3M)
- Department of Agriculture (\$821,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Florida**

- Florida State University (\$30.4M)
- University of South Florida, Tampa (\$19.7M)
- University of Florida (\$10.6M)
- Florida International University (\$10.0M)
- University of Miami (\$6.6M)
- Florida Agricultural and Mechanical University (\$3.9M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in Georgia

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Georgia.

Georgia higher education
institutions receive
\$39.1 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Georgia

- HHS (including NIH) (\$18.3M)
- National Science Foundation (\$4.8M)
- Department of Defense (\$4.3M)
- Department of Agriculture (\$1.3M)

Leading Recipients of Social and Behavioral Science Research Funding in Georgia

- University of Georgia (\$12.4M)
- Georgia State University (\$12.3M)
- Georgia Institute of Technology (\$10.6M)
- Emory University (\$3.1M)
- Morehouse College (\$516,000)
- University of West Georgia (\$120,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Hawaii

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Hawaii.

Hawaii higher education
institutions receive
\$4.3 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Hawaii

- HHS (including NIH) (\$2.5M)
- National Science Foundation (\$591,000)
- Department of Defense (\$358,000)
- Department of Agriculture (\$3,000)

Leading Recipients of Social and Behavioral Science Research Funding in Hawaii

- University of Hawaii at Manoa (\$4.0M)
- University of Hawaii at Hilo (\$175,000)
- Hawaii Pacific University (\$164,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Idaho

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Idaho.

Idaho higher education
institutions receive
\$2.2 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Idaho

- Department of Agriculture (\$894,000)
- National Science Foundation (\$372,000)
- Department of Energy (\$207,000)
- HHS (including NIH) (\$134,000)

Leading Recipients of Social and Behavioral Science Research Funding in Idaho

- University of Idaho (\$1.2M)
- Boise State University (\$783,000)
- Idaho State University (\$274,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Illinois

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Illinois.

Illinois higher education
institutions receive
\$71.9 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to

Illinois

- HHS (including NIH) (\$33.5M)
- National Science Foundation (\$14.5M)
- Department of Defense (\$3.9M)
- Department of Agriculture (\$1.5M)

Leading Recipients of Social and Behavioral Science Research Funding in

Illinois

- University of Illinois at Urbana-Champaign (\$15.9M)
- University of Chicago, The (\$15.1M)
- University of Illinois at Chicago (\$14.4M)
- Northwestern University (\$13.9M)
- Rush University (\$3.0M)
- DePaul University (\$2.3M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in **Indiana**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Indiana.

Indiana higher education
institutions receive
\$28.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Indiana**

- HHS (including NIH) (\$15.5M)
- National Science Foundation (\$3.9M)
- Department of Agriculture (\$2.0M)
- Department of Defense (\$1.6M)

Leading Recipients of Social and Behavioral Science Research Funding in **Indiana**

- Indiana University, Bloomington (\$15.0M)
- Purdue University, West Lafayette (\$7.6M)
- University of Notre Dame (\$2.9M)
- Indiana University-Purdue University, Indianapolis (\$2.7M)
- Ball State University (\$247,000)
- Indiana University-Purdue University, Fort Wayne (\$220,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Iowa**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Iowa.

Iowa higher education
institutions receive
\$16.6 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Iowa**

- HHS (including NIH) (\$8.9M)
- Department of Agriculture (\$3.6M)
- National Science Foundation (\$2.0M)
- NASA (\$516,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Iowa**

- University of Iowa (\$9.1M)
- Iowa State University (\$6.4M)
- University of Northern Iowa (\$1.2M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Kansas

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Kansas.

Kansas higher education
institutions receive
\$17.0 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Kansas

- HHS (including NIH) (\$9.8M)
- Department of Agriculture (\$2.8M)
- National Science Foundation (\$1.3M)
- Department of Defense (\$826,000)

Leading Recipients of Social and Behavioral Science Research Funding in Kansas

- University of Kansas (\$11.9M)
- Kansas State University (\$4.6M)
- Wichita State University (\$501,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014
For more information, visit cossa.org/state-fact-sheets

Federal Investments in Social and Behavioral Science Research in **Kentucky**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Kentucky.

Kentucky higher education
institutions receive
\$15.6 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Kentucky**

- HHS (including NIH) (\$12.0M)
- Department of Agriculture (\$858,000)
- National Science Foundation (\$838,000)
- Department of Defense (\$319,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Kentucky**

- University of Kentucky (\$12.5M)
- University of Louisville (\$2.4M)
- Northern Kentucky University (\$290,000)
- Morehead State University (\$281,000)
- Western Kentucky University (\$88,000)
- Kentucky State University (\$56,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Louisiana**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Louisiana.

Louisiana higher education
institutions receive
\$8.7 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Louisiana

- HHS (including NIH) (\$2.3M)
- National Science Foundation (\$721,000)
- Department of Agriculture (\$710,000)
- Department of Defense (\$81,000)

Leading Recipients of Social and Behavioral Science Research Funding in Louisiana

- Louisiana State University, Baton Rouge (\$3.7M)
- University of New Orleans, The (\$1.8M)
- Tulane University (\$1.7M)
- University of Louisiana at Lafayette (\$508,000)
- Northwestern State University of Louisiana (\$494,000)
- Southeastern Louisiana University (\$239,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Maine

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Maine.

Maine higher education
institutions receive
\$2.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Maine

- HHS (including NIH) (\$1.5M)
- National Science Foundation (\$1.0M)
- Department of Agriculture (\$20,000)
- Department of Energy (\$1,000)

Leading Recipients of Social and Behavioral Science Research Funding in Maine

- University of Maine (\$1.4M)
- University of Southern Maine (\$1.1M)
- Colby College (\$131,000)
- Bowdoin College (\$79,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in Maryland

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Maryland.

Maryland higher education
institutions receive
\$103.1 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Maryland

- Department of Defense (\$39.2M)
- HHS (including NIH) (\$26.3M)
- NASA (\$9.6M)
- Department of Agriculture (\$3.4M)

Leading Recipients of Social and Behavioral Science Research Funding in Maryland

- University of Maryland, College Park (\$73.7M)
- Johns Hopkins University (\$11.8M)
- University of Maryland, Baltimore County (\$9.1M)
- University of Maryland Baltimore (\$3.9M)
- University of Baltimore (\$2.7M)
- Morgan State University (\$986,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in **Massachusetts**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Massachusetts.

Massachusetts higher education
institutions receive
\$96.6 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Massachusetts**

- HHS (including NIH) (\$52.4M)
- National Science Foundation (\$12.9M)
- Department of Defense (\$5.2M)
- NASA (\$3.0M)

Leading Recipients of Social and Behavioral Science Research Funding in **Massachusetts**

- Harvard University (\$28.4M)
- Brandeis University (\$15.7M)
- Boston University (\$12.4M)
- Tufts University (\$10.9M)
- Northeastern University (\$9.1M)
- Massachusetts Institute of Technology (\$5.5M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in **Michigan**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Michigan.

Michigan higher education
institutions receive
\$118.4 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Michigan

- HHS (including NIH) (\$79.5M)
- National Science Foundation (\$12.0M)
- Department of Agriculture (\$4.1M)
- Department of Defense (\$2.3M)

Leading Recipients of Social and Behavioral Science Research Funding in Michigan

- University of Michigan, Ann Arbor (\$89.7M)
- Michigan State University (\$21.2M)
- Wayne State University (\$4.8M)
- Western Michigan University and Homer Stryker MD School of Medicine (\$843,000)
- Oakland University (\$647,000)
- Central Michigan University (\$554,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Source: National Center for Science and Engineering Statistics, Higher Education Research and Development Survey, FY 2014

Federal Investments in Social and Behavioral Science Research in **Minnesota**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Minnesota.

Minnesota higher education
institutions receive
\$36.4 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Minnesota**

- HHS (including NIH) (\$22.5M)
- National Science Foundation (\$6.3M)
- Department of Agriculture (\$2.2M)
- Department of Defense (\$61,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Minnesota**

- University of Minnesota, Twin Cities (\$36.2M)
- Carleton College (\$78,000)
- University of St. Thomas (MN) (\$39,000)
- Macalester College (\$32,000)
- Minnesota State University, Mankato (\$13,000)
- University of Minnesota, Morris (\$9,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Mississippi**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Mississippi.

Mississippi higher education
institutions receive
\$11.2 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Mississippi

- Department of Agriculture (\$2.5M)
- HHS (including NIH) (\$1.2M)
- Department of Defense (\$498,000)
- National Science Foundation (\$247,000)

Leading Recipients of Social and Behavioral Science Research Funding in Mississippi

- Mississippi State University (\$6.8M)
- Alcorn State University (\$2.4M)
- University of Mississippi and University of Mississippi, Jackson, Medical Center (\$991,000)
- University of Southern Mississippi, The (\$535,000)
- Jackson State University (\$512,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Missouri**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Missouri.

Missouri higher education
institutions receive
\$21.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Missouri**

- HHS (including NIH) (\$13.5M)
- Department of Agriculture (\$3.6M)
- National Science Foundation (\$1.2M)
- Department of Defense (\$143,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Missouri**

- Washington University in St. Louis (\$11.7M)
- University of Missouri, Columbia (\$6.1M)
- University of Missouri, Saint Louis (\$1.9M)
- University of Missouri, Kansas City (\$1.3M)
- Saint Louis University (\$669,000)
- Lincoln University, Jefferson City (\$193,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Montana**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Montana.

Montana higher education
institutions receive
\$2.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Montana**

- Department of Agriculture (\$918,000)
- HHS (including NIH) (\$847,000)
- National Science Foundation (\$147,000)
- Department of Energy (\$5,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Montana**

- Montana State University, Bozeman (\$1.4M)
- University of Montana, The, Missoula (\$1.3M)
- Montana Tech of University of Montana (\$33,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Nebraska**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Nebraska.

Nebraska higher education
institutions receive
\$13.3 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Nebraska**

- HHS (including NIH) (\$4.2M)
- National Science Foundation (\$1.4M)
- Department of Defense (\$839,000)
- Department of Agriculture (\$544,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Nebraska**

- University of Nebraska-Lincoln (\$12.1M)
- University of Nebraska at Omaha (\$967,000)
- Creighton University (\$217,000)
- University of Nebraska at Kearney (\$4,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in Nevada

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Nevada.

Nevada higher education
institutions receive
\$3.0 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Nevada

- National Science Foundation (\$1.3M)
- HHS (including NIH) (\$1.2M)
- Department of Defense (\$175,000)
- Department of Agriculture (\$52,000)

Leading Recipients of Social and Behavioral Science Research Funding in Nevada

- University of Nevada, Reno (\$1.6M)
- University of Nevada, Las Vegas (\$1.4M)
- Desert Research Institute (\$33,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **New Hampshire**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across New Hampshire.

New Hampshire higher education
institutions receive

\$9.3 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **New Hampshire**

- HHS (including NIH) (\$3.1M)
- National Science Foundation (\$1.1M)
- Department of Defense (\$602,000)
- Department of Agriculture (\$436,000)

Leading Recipients of Social and Behavioral Science Research Funding in **New Hampshire**

- University of New Hampshire (\$5.4M)
- Dartmouth College (\$3.7M)
- Plymouth State University (\$153,000)
- Keene State College (\$14,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in New Jersey

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across New Jersey.

New Jersey higher education
institutions receive
\$49.2 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to New Jersey

- HHS (including NIH) (\$26.3M)
- National Science Foundation (\$5.7M)
- Department of Defense (\$2.3M)
- Department of Energy (\$753,000)

Leading Recipients of Social and Behavioral Science Research Funding in New Jersey

- Rutgers, The State University of New Jersey, New Brunswick (\$30.0M)
- Princeton University (\$15.8M)
- Rutgers, The State University of New Jersey, Newark (\$2.1M)
- Montclair State University (\$430,000)
- Rowan University (\$372,000)
- New Jersey Institute of Technology (\$178,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **New Mexico**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across New Mexico.

New Mexico higher education
institutions receive

\$10.7 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **New Mexico**

- HHS (including NIH) (\$7.6M)
- National Science Foundation (\$683,000)
- Department of Defense (\$390,000)
- Department of Energy (\$316,000)

Leading Recipients of Social and Behavioral Science Research Funding in **New Mexico**

- University of New Mexico, The (\$10.5M)
- New Mexico State University (\$232,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **New York**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across New York.

New York higher education
institutions receive
\$133.3 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **New York**

- HHS (including NIH) (\$78.6M)
- National Science Foundation (\$20.3M)
- Department of Defense (\$5.9M)
- Department of Agriculture (\$5.2M)

Leading Recipients of Social and Behavioral Science Research Funding in **New York**

- New York University (\$26.5M)
- Columbia University in the City of New York (\$16.1M)
- Cornell University (\$14.3M)
- University of Rochester (\$13.0M)
- CUNY, Hunter College (\$7.9M)
- SUNY, University at Albany (\$7.8M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **North Carolina**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across North Carolina.

North Carolina higher education
institutions receive

\$134.6 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **North Carolina**

- HHS (including NIH) (\$49.5M)
- National Science Foundation (\$7.0M)
- Department of Defense (\$1.7M)
- Department of Agriculture (\$1.5M)

Leading Recipients of Social and Behavioral Science Research Funding in **North Carolina**

- University of North Carolina at Chapel Hill, The (\$94.1M)
- Duke University (\$24.7M)
- North Carolina State University (\$5.9M)
- University of North Carolina at Greensboro, The (\$3.7M)
- University of North Carolina at Charlotte, The (\$1.8M)
- East Carolina University (\$1.7M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **North Dakota**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across North Dakota.

North Dakota higher education
institutions receive
\$9.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **North Dakota**

- HHS (including NIH) (\$2.2M)
- Department of Agriculture (\$337,000)
- National Science Foundation (\$223,000)
- Department of Energy (\$146,000)

Leading Recipients of Social and Behavioral Science Research Funding in **North Dakota**

- North Dakota State University (\$9.7M)
- University of North Dakota (\$95,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in Ohio

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Ohio.

Ohio higher education
institutions receive
\$40.1 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Ohio

- HHS (including NIH) (\$17.7M)
- National Science Foundation (\$6.3M)
- Department of Agriculture (\$4.5M)
- Department of Defense (\$1.1M)

Leading Recipients of Social and Behavioral Science Research Funding in Ohio

- Ohio State University, The (\$22.9M)
- Case Western Reserve University (\$4.6M)
- University of Cincinnati (\$3.1M)
- Kent State University (\$2.3M)
- Miami University (\$1.8M)
- Ohio University (\$1.4M)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in **Oklahoma**

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Oklahoma.

Oklahoma higher education
institutions receive
\$3.9 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to **Oklahoma**

- HHS (including NIH) (\$1.0M)
- National Science Foundation (\$906,000)
- Department of Defense (\$581,000)
- Department of Agriculture (\$276,000)

Leading Recipients of Social and Behavioral Science Research Funding in **Oklahoma**

- University of Oklahoma, Norman and Health Science Center (\$3.0M)
- Oklahoma State University, Stillwater (\$592,000)
- University of Tulsa (\$323,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in Oregon

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across Oregon.

Oregon higher education
institutions receive
\$28.8 million
in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to Oregon

- HHS (including NIH) (\$14.8M)
- National Science Foundation (\$1.8M)
- Department of Defense (\$1.6M)
- Department of Agriculture (\$1.1M)

Leading Recipients of Social and Behavioral Science Research Funding in Oregon

- Portland State University (\$13.1M)
- University of Oregon (\$10.6M)
- Oregon State University (\$2.5M)
- Oregon Health & Science University (\$1.8M)
- Reed College (\$396,000)
- Pacific University (\$268,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.

Federal Investments in Social and Behavioral Science Research in South Carolina

Federally-supported social and behavioral science research yields important findings that contribute to a healthier, safer, and more prosperous population.

This support represents significant investment at institutions across South Carolina.

South Carolina higher education
institutions receive

\$19.8 million

in Total Federal Social and Behavioral
Science Research Funding

Primary Sources of Federal Social and Behavioral Science Research Funding to South Carolina

- HHS (including NIH) (\$12.3M)
- National Science Foundation (\$899,000)
- Department of Energy (\$866,000)
- Department of Agriculture (\$599,000)

Leading Recipients of Social and Behavioral Science Research Funding in South Carolina

- University of South Carolina, Columbia (\$11.5M)
- Winthrop University (\$5.0M)
- Clemson University (\$1.9M)
- South Carolina State University (\$629,000)
- College of Charleston (\$584,000)
- University of South Carolina, Aiken (\$115,000)

The federal government spends approximately \$37.9 billion annually on research and development.

Of that total, **less than 5% (\$1.9 billion)** is invested in
Social and Behavioral Science Research.
